

MULTISTATION PRIVATE LINE TELEPHONE CIRCUITS
FOR THE FEDERAL AVIATION AGENCY, AIRLINES, AND OTHER AGENCIES
DESCRIPTION

1. GENERAL

1.001 This addendum supplements Section 310-410-100, Issue 1.

1.002 This addendum is issued to change the title and modify Federal Aviation Agency (FAA) references to include airlines and other users of multistation circuit arrangements.

1.003 The following change applies to Part 1 of the section:

(a) 1.01—Revised.

1.01 This practice describes the equipment and circuit arrangements used at private line stations when providing full-period talking service between two or more stations. This practice also describes the overall circuit and includes transmission level considerations.
